Teamwork is serious business, and as business professionals ourselves, we understand the demands of a working group. With that in mind, **ACCUS** is developed with features that cater to the needs of multitaskers. It provides adequate personal spaces for members to perform their individual tasks while also making it easy for them to collaborate with the rest of the team.

**ACCUS** also leaves room for customization, offering users a chance to select from a variety of panels as well as accessories to improve their workspace. Excellent functionality, clean lines and practical, **ACCUS** is a great investment for your team.

Desk panel provides privacy

WORK STATION allows access to power socket outlet from beneath the table top through a hatch cover. The table can house cable management option such as double flip doors with brushed edge to conceal power, data and telephone

Cable management system attractively designed and protect the cables on their way from floor to desktop
