future at work™

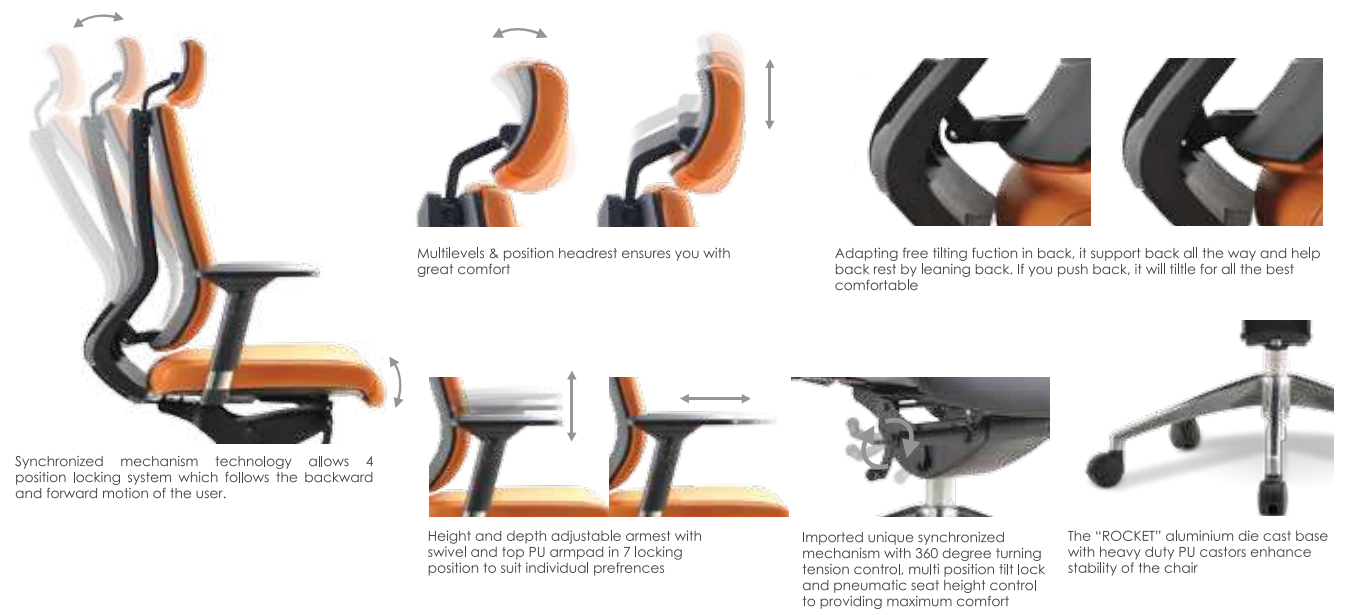

Following the current generation of our models with a distinctive outlook, **PROMAX** is a suitable addition for your contemporary workplace.

We have given attention on every detail in producing an office chair that covers every aspect of ergonomics, from the refreshing look of the spinal support, and full freedom on both headrest and armrest.

PROMAX is an ultramodern solution for a modern worker and individual.

Synchronized mechanism technology allows 4 position locking system which follows the backward and forward motion of the user.

Multilevels & position headrest ensures you with great comfort

Adapting free tilting function in back, it support back all the way and help back rest by leaning back. If you push back, it will tilt for all the best comfortable

Height and depth adjustable armrest with swivel and top PU ampod in 7 locking position to suit individual preferences

Imported unique synchronized mechanism with 360 degree turning tension control, multi position tilt lock and pneumatic seat height control to providing maximum comfort

The "ROCKET" aluminium die cast base with heavy duty PU castors enhance stability of the chair
