RELIABILITY

future at work®

**OFFICE SEATING FOR YOUR CUTTING WORKING STYLE.**

LICIA series is convincing sitting comfort and elegant design. The carefully selected material and solid upholstery structure guarantee many years of stability and durability. The backrest, as well as the depth and angle of seat individually adjust to your personally sitting habits when you shift your body weight. You feel these advantages as soon as you sit down. You will finally find the comfort which you have earned.

Backrest that is fashionable yet durable.

Synchronized mechanism technology allows single position locking positions which follows the backwards and forwards motions of the user.

Height, width and depth adjustable armrests with upholstery and swivel to suit individual preferences.

Multilevels & positions headrest ensures you with great comfort.

Imported unique spring synchronized mechanism ensures maximum lumbar support.

Aesthetically designed Nylon Rocket base provides strong support.
