The color variations that best fit your working place needs and individual taste

inspiration & innovative idea

Experience the pleasure of sitting in a chair of the most advanced ergonomic design. Complement and invigorate any office arrangement with a chair design of extraordinary simplicity.

In harmony with a new revolutionary composition called mesh and refined design, the **OTIMO** chair will enhance your dignity. It is well-suited to you who are leading the world.

Naturally comfortable and ergonomically smart operation

Synchronized mechanism technology allows single position locking system which follows the backwards and forwards motions of the user.

Thick padded contoured mesh back with lumbar support added comfort and stability.

The Curve-shaped molded foam seat pan provides comfort and ergonomic support.

Fixed PP armrests in various color ensuring arm support comfort.

The unique imported spring synchron mechanism technology allows single locking position to achieve perfect balance of seated position and assure maximum lumbar support spine.

The "ROCKET" aluminum die-cast base with heavy duty stainless steel cover nylon casters and adjustable 12inch chrome foot ring to suit individual preferences.

Aesthetically designed plastic base provided strong support.
