EFFICIENTLY

future at work®

KUDO is made for the soul that requires something practical and also not sacrificing comfort. The conception behind **KUDO** is to provide satisfaction in value and place importance on ergonomics.

A distinct feature of **KUDO** is the dominant looking back cover which also enforces solidity in the backrest and is an eye-catcher.

KUDO is unique, contemporary and present in today's office environment and a choice you will never regret.

Synchronize mechanism technology allows single position locking system which follows the backward and forward motion of the user.

Fixed PP armrests ensuring arm support comfort.

Backrest with stylish back cover is fashionable yet durable.

Imported unique synchronized mechanism ensures maximum lumbar support.

Aesthetically designed PP base with nylon castors enhance stability of the chair.

The curve shaped moulded foam seat pan provides comfort and ergonomic support.
