SIMPLE •LONG-LASTING•COMFORT•RAIN

RAIN SERIES - the new office task chair by Wysen Industry, concentrates on the intrinsic value of an ergonomic chair. Engineered for durability and design with a simple and yet elegant appearance, makes it an ideal seats for workers who loves simplicity in life. It is simple and user-friendly in structure and can easily be adjusted to individual needs. Suitable for people who engages in a long working hour environment in office or home.

Naturally comfortable and ergonomically smart operation

The unique imported spring synchron multi locking mechanism to achieve perfect balance in every seated position and ensures maximum lumbar support spine.

Adjustable armrests with chrome finish and top PU pad in multi-locking position to suit individual preferences. You can rotate the armrest armpad from side to side, which will relieve your burden on the wrist and shoulder.

The height of the adjustable PP armrest with 6 intervals position to suit individual preferences.

The "ROCKET" aluminium die-cast base with heavy duty stainless steel cover nylon casters enhance stability of the chair.

Aesthetically designed Nylon "ROCKET" base with heavy duty nylon casters enhance stability of the chair.
